**Aussie Biscuits** have been produced for over 30 years at House With No Steps Western NSW and, as it was way back then, the making of these quality Biscuits is carried out by people with a disability from the local area, who would otherwise have found it difficult to find gainful employment as valuable members of our community.

Aussie Biscuits are made under the guidelines of the Australian Food Standards and has been awarded certification under the strict international code set down for **ISO9001:2000** quality control systems.

Aussie Biscuits has maintained the original recipes first used to create unique homemade taste and texture and continues to provide high quality consistency in every biscuit made.

**We create five varieties to cater for all tastes!**
