

Helping people with disabilities make the most of their abilities

Since 1962, House With No Steps has supported children and adults with an intellectual, physical, sensory and/or psychiatric disability to live, learn, work and connect in the community.

We are proud to be one of Australia's leading service providers to people with a disability, offering employment, education and training and community support services to over 2000 people with a disability each week.

Our vision is to “enhance the lives of people with disabilities” by helping them live full, valued and visible lives within their local communities.
